

Honey Bee™ Aerogel “Sparkle” Air Freshener

Honey Bee™ Aerogel “Sparkle” Air Freshener is an elastomeric rubber gel that provides a consistent, long-lasting fragrance in aircraft lavatories, cabins and galleys. Unlike the traditional polyester disc which allows free evaporation of fragrance oils, Aerogel encapsulates a higher level of fragrance and controls the release to deliver a consistent, pleasant fragrance.

Conforms To

- Airbus
 - CML 11-017
- AMS
 - AMS 1550B

Benefits

- Long-lasting, consistent release of fragrance.
- Eliminates the offensive, high initial fragrance release of traditional polyester discs.
- Non-toxic gel material encapsulates higher level of perfume oil.
- Plastic cup design eliminates the need to touch the actual disc.
- Tamper-proof polypropylene cup prevents contact with gel material.
- Eliminates perfume oil deposits on hands and aircraft lavatory walls.

Properties

- Fragrant gel in plastic holder

Notes Prior to Handling

Before using your Cee-Bee[®] products, all safety and operating instructions should be read and understood. If you have any questions, please contact your Cee-Bee[®] representative before proceeding.

Use Procedure

- Remove disc from packaging and place in disc holder. Disc holder should be positioned on wall as high as possible above or near lavatory door. Airflow in the lavatory will effectively disperse the fragrance in the disc.

Safety, Handling, and Precautions

- Direct skin or eye contact with the gel itself may cause irritation.
