

Super Bee™ 290

Super Bee™ 290 is a heavy-duty alkaline, non-petroleum solvent base cleaner and degreaser for painted and unpainted surfaces.

Conforms To

- Boeing
 - D6-17487 (Rev. R)
- Douglas
 - CSD-1

Benefits

- Excellent solvency for removal of greasy and oily soils
- Effective carbon remover
- Clings to vertical and overhead surfaces for maximum cleaning action
- Rinses easily without streaking, even after drying on the surface
- Safe on aluminum, magnesium, high strength steel and other common aircraft structural metals
- Safe on good quality paint and acrylic plastic when used as directed
- Contains no organic solvents or any material considered toxic by State or Federal regulations

Properties

- Translucent white/amber gel
- Pleasant citrus odor
- Alkaline

Notes Prior to Handling

Before using your Cee-Bee® products, all safety and operating instructions should be read and understood. If you have any questions, please contact your Cee-Bee® representative before proceeding.

Use Procedure

- Use Super Bee™ 290 undiluted for removal of heavy soils typically found in gear and flap well areas, exhaust tracks and the lower aft fuselage of aircraft.
- If aircraft surface is above 120°F, spray the surface with cold water before applying the cleaner.

Cleaning With Water Rinse

1. Apply Super Bee™ 290 with non-atomizing spray equipment, mops or brushes. Start at the bottom of the surface to be cleaned and work upward.
 - a. When using spray equipment to apply the cleaner, use approximately 90 psi to reduce vaporization. Applying the cleaner at 90 psi also allows it to “cling” more effectively to the surface.
2. Allow the cleaner to dwell at 5 – 20 minutes until soils are penetrated, then agitate surface with a brush or mop.
3. Rinse thoroughly with high pressure water, starting at the top of the surface being cleaned and working downward.

Super Bee™ 290 can be used as a non-thickened, general-purpose cleaner for light to moderately soiled areas if diluted with up to 20 parts water.

Safety, Handling, and Precautions

- Avoid contact with eyes and skin. Use rubber gloves and other protective clothing as required.
- Do not take internally.
- Avoid breathing spray mist. Use with adequate ventilation.
- In case of accidental contact, flush thoroughly with water. If irritation persists, seek medical attention.
